EXPERIENCE 2 OF 7

Career Studio

Job Time Machine (2026 vs 2030) and a Career Forecast preview with sources. Optional Forecast PDF on WhatsApp.

Purpose: everything a student staff member at counter 5 needs: the pitch, setup, the 5 common problems, privacy lines, and the WhatsApp rules.
Needed from Avi: the go-ahead to switch WhatsApp live sends ON (until then it stays OFF, see page 2).

30-SECOND PITCH (SAY IT YOUR WAY)

"Tumhara dream job 2030 mein kaisa dikhega? Pehle aaj ke tareeke se 3 kaam khud karo, phir dekho AI agents ki team wahi din kaise chalati hai. Har number ka source hai, aur koi guarantee nahi, sirf ek forecast. 2 minute lagte hain."

What the visitor does

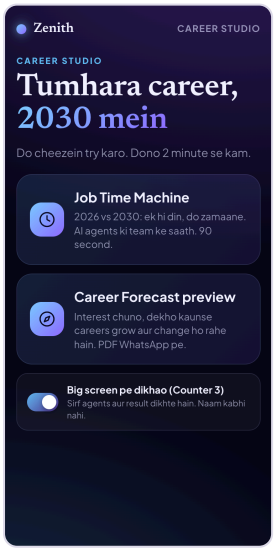

1. Scans the counter 5 QR. Picks **Job Time Machine** or **Career Forecast preview**.
2. **Job Time Machine:** picks 1 of 6 jobs (Marketing Manager, Financial Analyst, Product Manager, Software Engineer, Content Creator, Doctor).
3. Round 1 (2026): does 3 small tasks by hand, timed.
4. Follow gate, then Round 2 (2030): an AI agent team does the same day, and the visitor makes 2 "human calls".
5. Result: 2026 vs 2030, work split (done by AI, done with AI, led by people), 3 skills that hold, with the source year on every number.
6. **Forecast preview:** picks an interest area, sees top careers with the 2030 work split. Optional: "WhatsApp pe chahiye?" for the Forecast PDF.
7. "Doston ko bhejo" shares the card.

Privacy lines you must say

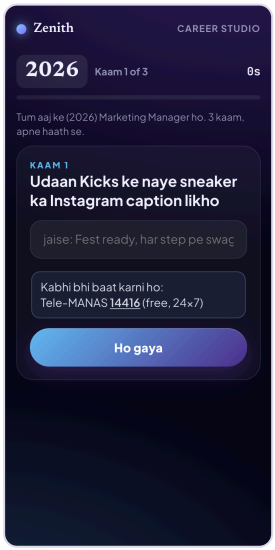

- **"WhatsApp bilkul optional hai. Number sirf PDF bhejne ke liye, encrypted rehta hai."**
- **"Message band karne ke liye kabhi bhi STOP likho, ya play.zenithschool.ai/stop."**
- **"Naam ya number TV pe kabhi nahi aata."**

Camera rule for under-18 visitors (filming crew): only hands and screens on camera. Palm photos (counters 1 and 8) are never stored; reels (counter 6) are deleted after 48 hours.

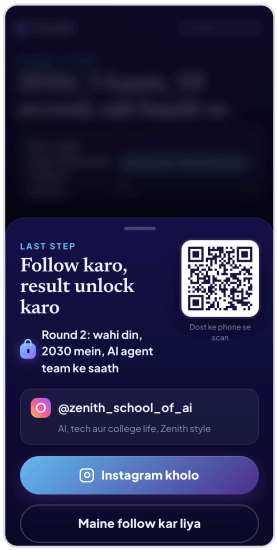

Never say: job, placement, salary or admission guarantees. If asked: "Yeh forecast hai, guarantee nahi." Do not quote earnings numbers. Doctor path: "AI assist karta hai, doctors decide karte hain", no medical advice.

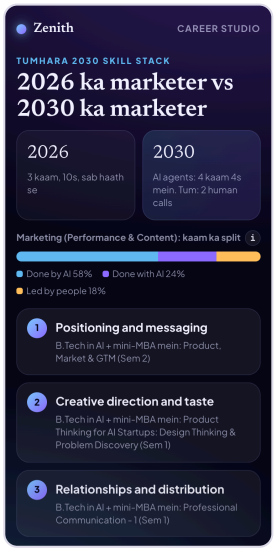

1. Pick a mode

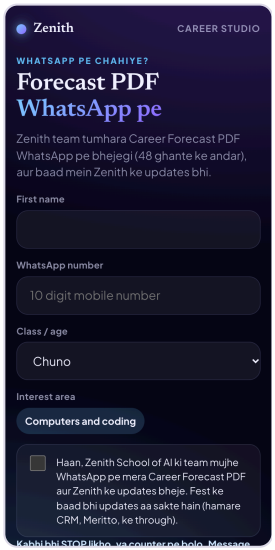

2. Round 1: by hand (Tele-MANAS line under the text box)

3. Follow gate

4. 2026 vs 2030 result (demo)

5. Optional WhatsApp form (consent unticked)

Setup (once, before the stall opens)

1. **Pair the TV browser first, in normal Chrome** (kiosk has no address bar): open `play.zenithschool.ai/staff` and type the 6-digit code the lead makes with "Pair a staff device" on `/admin` (10 min, one device). Once per TV browser, before visitors arrive; it lasts 4 days.
2. Then open the TV address full screen (kiosk): `play.zenithschool.ai/tv/career?c=5`. Press **H**: no "Staff TV nahi" message means pairing worked.
3. Counter phone: pair it the same way with its own code.
4. Counter laptop: start the full Career Forecast as in `experiences/career/COUNTER_LAPTOP.md` (`127.0.0.1:8787`, "/new" for each new visitor).
5. Test once: one Job Time Machine round, check the TV shows the agents and the result.
6. Filming crew only: phone `/career/?c=5&demo=hero` plays by itself.

TV result: job and numbers only, never a name. During round 2 the TV shows the agent team live.

WhatsApp rules (staff-only switch)

- The live-send switch is on the staff page `/career/staff/` (needs the admin key). **It stays OFF until the lead says.** Never turn it on yourself, never change the caps there.
- With the switch OFF the form still works: the request is saved (encrypted) and the phone says the PDF comes within 48 ghante.
- The visitor types their own number and ticks the consent box themselves. Never type a visitor's number for them, never note it down, never photograph a screen with a name.
- STOP: they reply STOP on WhatsApp, or open `play.zenithschool.ai/stop`. If they ask at the counter, help them do it on their own phone.

5 most likely problems

	WHAT YOU SEE	WHAT TO DO
1	"Aage badho" stays grey on the WhatsApp form.	The consent box is not ticked, or the number is not 10 digits. The visitor fixes it themselves.
2	"PDF kab aayega?" / it has not arrived.	Say what the phone said ("1 minute mein" or "48 ghante ke andar"). With the switch OFF, PDFs go out later in one batch. Do not promise anything else.
3	Visitor asks "Mujhe yeh job milegi? Kitni salary?"	"Yeh forecast hai, guarantee nahi. Skills pe dhyan do." For Zenith programme questions, point them to the follow QR on the standee or zenithschool.ai.
4	"Line mein ho", a countdown, or "Offline mode: ready-made drafts".	AI busy or off. The phone retries by itself; ready-made drafts are reviewed and fine. Tell the lead once if it stays offline.
5	A support card appears after a typed answer, or the amber dot on the alerts view.	The game stops by design. Follow the care steps below.

If a visitor sees the support card

Go over kindly, without fuss: "Sab theek hai? Baat karni ho toh hum yahin hain." Tele-MANAS is **14416** (free, 24×7); the card has a call button. Never take a photo or ask for a name. Tell the shift's safety lead afterwards (time only).

Who built it (only this line): "Zenith first-years ne AI agents ke saath banaye". Programme: "B.Tech in AI + mini-MBA. Ek degree, KRMU ki."
