EXPERIENCE 4 OF 7

AI Sharks

For fun only

A 4-card startup pitch to 3 fictional AI sharks. Deal ya out, plus a real mini-MBA lesson.

Purpose: everything a student staff member at counter 3 needs: the pitch, setup, the 5 common problems, and the chips rule when the live AI check is off.

Needed from Avi: nothing for this card. The reward item for big-screen players is a stall-wide decision (Stall Runbook).

30-SECOND PITCH (SAY IT YOUR WAY)

"Apna startup idea 4 cards mein pitch karo: idea, customer, problem, paisa. 3 AI sharks ek ek sawaal poochenge, phir deal ya out! 'Idea type chuno' se ready jawab chuno, ek bhi word type nahi karna. Asli paisa nahi, sirf maze ke liye, par lesson asli mini-MBA wala."

What the visitor does

1. Scans the counter 3 QR. Chooses **Solo** or **Co-founders (2 dost)**, optional nickname, optional "Big screen pe khelo".
2. Fills 4 pitch cards, 15 s each: **Idea**, **Customer**, **Problem**, **Paisa**. With **"Idea type chuno"** chips (12 idea types, 3 ready answers per card). Voice and typing work in **live mode only**.
3. Reviews the cards, then the agents work: Host, Safety Agent, the 3 sharks, Score Agent, Lesson Agent.
4. Each shark asks one follow-up (10 s): answer by chip (voice or text in live mode only).
5. Follow gate, then the scorecard: 4 axes out of 10, total out of 40, DEAL or "Main out hoon" per shark, a mini-MBA lesson, today's rank, share card.

The sharks: **Seth Dhanraj** ("Margin kitna hai, beta?"), **Riya Rao** ("Insta pe bikega?"), **Kabir 'Scale' Mehta** ("10× kaise hoga?"), and sometimes **Mummy Angel Investor**. All fictional characters, not real people.

Privacy lines you must say

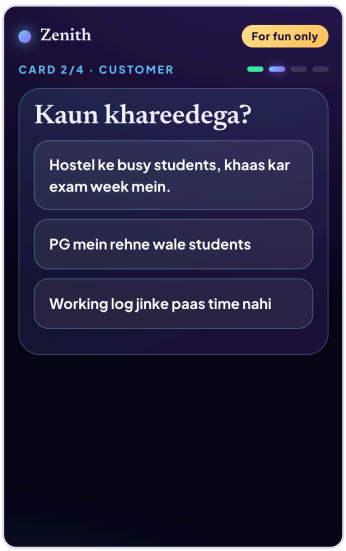

- **"Tumhare words TV pe kabhi nahi aate. TV pe sirf sharks, score aur nickname."**
- **"Sharks fictional hain, asli paisa nahi. Sirf maze ke liye."**
- **"Naam ya phone number pitch mein mat bolo."**

Camera rule for under-18 visitors (filming crew): only hands and screens on camera. Palm photos (counters 1 and 8) are never stored; reels (counter 6) are deleted after 48 hours.

Chips rule. When the live AI check is off ("degraded" mode, the default until the AI key is live), the game is **chips only**: the first button is **"Type karna nahi? Idea type chuno"**, and typed or spoken cards and answers are refused. Guide every visitor to the chips. In live mode, voice comes first and typing works too.

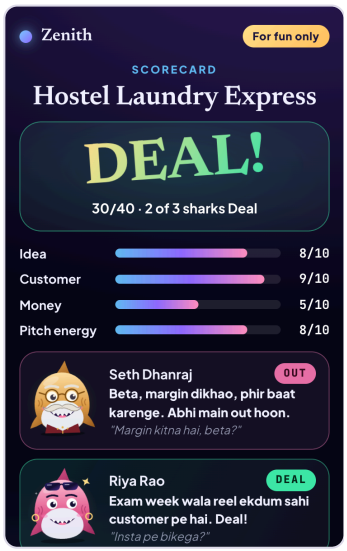

1. Intro: "Idea type chuno" first (degraded)

2. Pitch card with ready answers

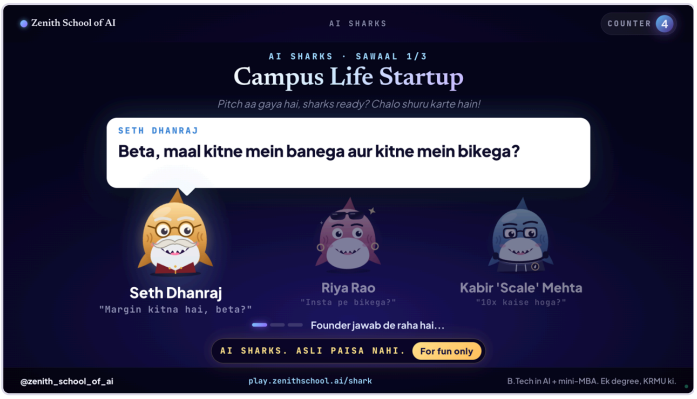

3. Shark follow-up with chips

4. Scorecard (fictional demo pitch)

Setup (once, before the stall opens)

1. **Pair the TV browser first, in normal Chrome** (kiosk has no address bar): open `play.zenithschool.ai/staff` and type the 6-digit code the lead makes with "Pair a staff device" on `/admin` (10 min, one device). Once per TV browser, before visitors arrive; it lasts 4 days.
2. Then open the TV address full screen (kiosk): `play.zenithschool.ai/tv/shark?c=3`. Press **H**: no "Staff TV nahi" message means pairing worked.
3. Counter phone: pair it the same way with its own code.
4. Check the mode: `play.zenithschool.ai/status.json` shows `"safetyMode":"live"` or `"degraded"`. Degraded means chips only; live means voice and typing work too.
5. Test once: one chip-only game, check the TV shows the tank and the verdict.
6. Filming crew only: phone `/shark/v2/?c=3&demo=hero`, TV `/tv/shark?c=3&capture=1` (add `&layout=portrait` for 9:16). **R** replays.

TV: a shark asks its follow-up

TV verdict: template text only, "AI SHARKS. ASLI PAISA NAHI."

5 most likely problems

	WHAT YOU SEE	WHAT TO DO
1	Voice or typing does not work.	In degraded mode only chips work: tap "Idea type chuno". In live mode (fest noise, mic blocked), tap "Type karo"; empty cards get 10 extra seconds once.
2	The Safety Agent kindly redirects the idea (adult, betting, cheating, harming someone, and so on).	Never argue or read it out. Help them pick an idea type chip and play again.
3	Visitor asks "Kya yeh asli investors hain?"	"Nahi, yeh fictional AI sharks hain. Asli paisa nahi, sirf maze aur ek mini-MBA lesson."
4	The verdict stays on the TV a while, the next player waits.	Normal: the reveal holds about 13 s for the crowd. Big-screen players wait in the queue; the operator taps Next (Stall Runbook).
5	A support card appears, or the amber dot / "Filter ne ek gaali roki" on the alerts view.	Support card: care steps below. Language alert: nothing reached the TV; no action, just keep an eye on the counter.

Also normal: "Line mein ho" or a countdown (AI busy, retries by itself).

If a visitor sees the support card

Go over kindly, without fuss: "Sab theek hai? Baat karni ho toh hum yahin hain." Tele-MANAS is **14416** (free, 24×7); the card has a call button. Never take a photo or ask for a name. Tell the shift's safety lead afterwards (time only).

Never say: that an idea is bad or stupid. Every shark line is positive and fixable. **Who built it (only this line):** "Zenith first-years ne AI agents ke saath banaye". Programme: "B.Tech in AI + mini-MBA. Ek degree, KRMU ki."
